CONFIRMED PLENARY SPEAKERS

Patrizio Colaneri - *Politecnico di Milano*
Zhong-Ping Jiang - *NYU Tandon School of Engineering*
Kumar Venayagamoorthy - *Clemson University*

MAIN SPONSORING IFAC TC:

TC 2.3. Non-Linear Control Systems

CO-SPONSORING IFAC TCs:

TC 1.1. Modelling, Identification and Signal Processing
TC 2.1. Control Design
TC 6.1. Chemical Process Control
TC 8.4. Biosystems and Bioprocesses
TC 9.4. Control Education

VENUE INFORMATION

In their singing, the mariachis reveal that Guadalajara is on a plain, a plain that has transformed - and this is not said by the musicians but by the statistics - into the second largest city in Mexico, a modern metropolis welcoming progress without disregarding the value of its traditions, forged during more than 450 years of history.

Guadalajara is located at 546 km from Mexico City and at 340 km from Puerto Vallarta, an outstanding beach resort – Guadalajara is an important trade center, and a modern place accurately organized.

IFAC MICNON 2018

June 20-22, 2018
Guadalajara-Mexico

2nd Conference on Modelling
Identification and Control of
Nonlinear Systems

CALL FOR PAPERS

www.micnon2018.org
contact@micnon2018.org

MICNON 2018 will be held in Guadalajara, Mexico during June 20-22, 2018, as a sequence to MICNON 2015 (Saint-Petersburg, Russia). This conference series is organized by the IFAC Technical Committee on Nonlinear Systems.

The MICNON 2018 program will consist of plenary lectures, parallel and panel sessions, invited talks, industrial exhibitions and more. MICNON 2018 will be accompanied by a pre-conference day of workshops and tutorials. Besides, the MICNON 2018 is complemented with a social and cultural program to enjoy Guadalajara and Mexico.

We invite you to submit your papers to this conference, and looking forward to welcoming you in Guadalajara!

MAIN TOPICS

(not limited to)

- Modeling and identification of nonlinear systems
- Control of nonlinear systems
- Stability and complex dynamics
- Networked nonlinear systems
- Stochastic control systems
- Control of networks
- Control with limited information
- Nonlinear systems with time delay
- Disturbance rejection
- Switching control
- Adaptive control and signal processing for nonlinear systems and other related topics

You can participate in different ways with: Contributed Papers, Invited Sessions, Tutorial Sessions, Panel Sessions, Special Sessions, Workshops, Exhibits and more. Papers, session and workshop proposals must be submitted through the submission website. Submissions must conform to policies given on the conference website; other proposals, please contact us at:

contact@micnon2018.org

IMPORTANT DEADLINES

*Deadline for invited session proposals: **November 30, 2017***

*Deadline for paper submission: **December 23, 2017***

*Deadline for workshop/tutorial proposal: **December 23, 2017***

*Notification of acceptance: **March 16, 2018***

*Final paper submission: **April 30, 2018***

*Conference dates: **June 20-22, 2018***

PAPER SUBMISSIONS

All papers/session proposals should be submitted electronically through <http://ifac.paperecept.net>. The length of the paper is limited to a maximum of 6 pages (in the standard IFAC conference double column format), including figures, tables and references. For the purposes of review, regular and invited papers are limited to 8 pages. Papers exceeding this limit will be rejected without review.

Accepted and presented papers will be published, on <http://www.ifac-papersonline.net>

All papers published on the web site can be cited using the site ISSN, the event ISBN, and the individual paper DOI.

COPYRIGHT CONDITIONS

“All publication material submitted for presentation at an IFAC-sponsored meeting (Congress, Symposium, Conference, Workshop) must be original and hence cannot be already published, nor can it be under review elsewhere. The authors take responsibility for the material that has been submitted. IFAC-sponsored conferences will abide by the highest standard of ethical behavior in the review process as explained on the Elsevier webpage.

<https://www.elsevier.com/authors/journal-authors/policies-and-ethics>

and the authors will abide by the IFAC publication ethics guidelines:

<http://www.ifac-control.org/events/organizers-guide/PublicationEthicsGuidelines.pdf/view>

Accepted papers that have been presented at an IFAC meeting will be published in the proceedings of the event using the open-access IFAC-PapersOnLine series hosted on ScienceDirect (<http://www.sciencedirect.com>). To this end, the author(s) must confer the copyright to IFAC when they submit the final version of the paper through the paper submission process. The author(s) retain the right to use a copy of the paper for personal use, internal institutional use at the author(s)' institution, or scholarly posting at an open web site operated by the author(s) or their institution, limited to noncommercial use. Any other use of the paper requires approval by IFAC.”
